Hunting Data For Sportsmen

Open Season for Game Coming Along With the Usual Disputes.

Squirrel hunting opened August 1 in Indiana and from now on open seasons for other game will be coming along with the usual disputes between the sportsmen who base their claim either on the state or federal laws. The disputes are due to the fact that the state and federal laws do not always coincide as to the limits of the seasons or the extent of the bag permitted. For the benefit of Lake county hunters who desire to be in the field the following is taken from the Farmers Bulletin 1138 of the Department of Agriculture covering the game laws of the country. WHAT DOES 'GEO. MEAN AMBITION'?

By H. C. HAMILTON
STAFF CORRESPONDENT I. N. SERVICE
NEW YORK, Aug. 21.—If Georges Carpenter, the European heavy weight champion, does not meet Jack Dempsey, the world's champion, when he returns to this country in the fall, it will be no fault of Georges. Edouard Deacons, the assist little manager of the Frenchman, is the obstacle in the way of such a match, if there is an obstacle. He holds Dempsey in much more solemn respect than does the fighter himself. These facts were ascertained here today in a talk with the French fighter's trainer, M. Wilson.

"It is Georges' greatest ambition to meet Dempsey," said Wilson. "It is what I might call his heart's desire. He wants to defeat for the world's championship, and he believes he can win it. I believe he has an excellent chance of winning from Dempsey. For I have seen the American champion in training and believe I am fair enough to judge of a fighter to make a close comparison between him and Carpenter. There isn't a great deal of difference in the sizes of the men. I had been led to believe that Dempsey was much larger than he really is. On the other hand I have found to my surprise that the champion is very fast and very dangerous. I had expected to see a slow lumbering giant with a slow punch that would be easy for Georges to avoid. I found instead a very shrewd, very fast man—one fully capable of defeating the title against anyone."

It became known today through a remark by Jack Curley, who stung Dempsey and Lennox for the bout which is now scheduled for Ebbets field, Brooklyn, for Oct. 12, that Charles Cochran, the London promoter, has been trying to get Carpenter to fulfill his contract with Cochran selling for a Dempsey-Carpenter match in the United States. Deacons, according to Curley, declined to talk the matter over, stating that Curley was his American representative.
